a hot new twist.

The IQ Series tube heater keeps up with every twist and turn in your heating needs.

Don’t settle for an underperforming heating system - turn your attention to the comfort, radiant efficiency and substantial fuel savings provided by the InfraSave IQ Series.

With many performance enhancing features and our modular elbow kit, you can satisfy comfort heating needs, site determined layout and your bottom line by reducing both installation time and precious operating costs.

Durable and reliable InfraSave heaters are perfect for warehousing, manufacturing, service garages, welding and fabricating shops. Add in the best warranty in the industry and you have the key to slash your heating budget.
Don’t settle for an underperforming infrared heater. InfraSave provides more heat for less money.
